

Luke McHugh, PE, joined the NRMCA in October 2017. Based outside of Philadelphia, he has over 30 years of experience providing consulting engineering and construction support services on a variety of airport and site development projects.

He earned a bachelor's degree in civil engineering from Drexel University in 1987 and a master's degree in engineering management from Drexel University in 2005. He is a registered Professional Engineer in Pennsylvania, New Jersey, Delaware, Maryland and Florida.

In his role at NRMCA, he is responsible for working with NRMCA partners and members to help deliver successful local concrete paving projects and implementing strategies that increase the use of various forms of ready mix concrete in parking areas, local streets and roads, and other applications.
