**In Person Conference**

**Two great events combined into one powerful day of learning. The Illinois Chamber of Commerce and Illinois Self-Insured Association will partner this year to present The Most Important Workers Compensation & Safety Conference in Illinois in 2023**

Both the Illinois Chamber of Commerce and the Illinois Self Insured Associations strive

to provide the Illinois business community with timely information to ensure employers are up-to-date for Workers' Compensation issues. This confusing and often abused statute is one that employers and their employees need to be familiar with in order to stay in compliance.

This conference is designed not only to inform, educate and assist employers on how to be in compliance, but also to show employers how to reduce their workers' comp costs in the process.

Please join us for the 2023 ILCC and ISIA Workers' Compensation and Safety Conference. This year's event includes the latest information from experts on workers' compensation, healthcare, legislation, self-insurance and more. Continuing education credits are available.
