THE WORLD'S FIRST CLOUD BATCH

Join Us for a Free Webinar
Wednesday, June 30th, 2021
10:00-10:45 AM EST

Register Now!

The world's first Cloud Batching system sets a new standard in excellence and performance. Advanced Central Batching using the Cloud reduces operating costs for Concrete Producers and provides a more complete operational picture to boost profits.

What you will learn by attending this Webinar:

- Why switch to cloud-native technologies
- How accessing batch data anytime, anywhere drives real value
- Working securely in offline mode
- A single database (batch/dispatching) generates better business insights
- Advantages of Central Batching (advanced remote batching)

After registering, you will receive a confirmation email containing information about joining the webinar. [View system requirements.](#)
