Hi James,

The design and construction community is seeking proven ways to reduce the embodied carbon. Ready mix producers are perfectly positioned to meet these sustainability goals with low-carbon concrete—resulting in new market opportunities and business growth.

Join us for a [45-minute webinar](#) with Lauren Concrete, a leading ready mix producer located in central Texas, and learn:

- How Lauren helped their customers achieve their sustainability goals
- About the rigorous CarbonCure testing and evaluation process conducted by QC
- What kinds of new projects Lauren has unlocked and its plans for the future
