

SYSDYNE - January 2023

And Just Like That, World of Concrete 2023 Is a Wrap!

We'd like to thank all our customers and industry connections for coming out to see us, and for your support in helping us revolutionize the ready mix industry. Congratulations to **Ron Carlson** of **Superior Materials** as the winner of a \$100 Amazon gift card, and to **Jose Soto** of **Mini Concrete** as the winner of the iPad! A team member will reach out soon for details regarding your prize.

If you didn't get a chance to visit the Sysdyne Team this time around, we hope to see you back in Las Vegas on March 14-18 for CONEXPO-CON/AGG.

You can still check out **CloudBatch**, **ConcreteGO**, **iStrada**, **SysdyneBI**, and more now at sysdyne.com or contact us for more information.

About SYSDYNE

Sysdyne Technologies is the leading Cloud software provider for the ready mixed concrete industry. Our goal is to assist concrete producers in leveraging the latest cloud technology to improve production efficiency and their bottom line. Sysdyne's fully integrated product suite includes **CloudBatch™** Batch Control, **ConcreteGO®** Cloud Dispatch, and **iStrada®** Cloud GPS/Truck Tracking.

To find out more, contact your local Sysdyne representative by emailing sales@sysdynetechnologies.com, visiting our website and using the **LIVE CHAT**, or by calling 203-327-3649.

Thank you,
Sysdyne Team
