📅 2022 In The Rearview - Help Us Prepare for 2023

Thanks to those who celebrated **Festivus** by airing their grievances with us in our **short survey**! For those who haven't had the chance, please participate in this one-minute **survey** on ready mix industry challenges.

We truly value the information you have provided - the results will benefit you and others. The results will be shared as we start off the new year.

Cheers to the new year!
