

LEADING CLOUD SOFTWARE PROVIDER FOR THE CONCRETE INDUSTRY

The Digital Ticket Just Got SMARTER iStrada® and VERIFI® In-Transit Concrete Management System Data Integration

Track added water or admixture directly on Sysdyne's [iStrada](#) Paperless Ticketing to improve quality and reduce cement consumption. Materials added with the VERIFI® In-Transit Concrete Management System from GCP Applied Technologies Inc can be directly recorded and displayed as part of the iStrada Paperless Ticket. Allowing users to leverage their software investments and data as fully as possible. **See Below**
