

Did you know that the Embodied Carbon in Construction Calculator (EC3) represents a new way for your business to gain a competitive advantage?

Over on [our blog](#), we explain:

- Why EC3 was developed and how it works
- Why concrete producers should pay attention to EC3
- How the EC3 tool can benefit concrete producers
- What you can do to start using EC3

[Read the post to learn how you can win more projects](#)
