The criteria for this award were established by NRMCA's Research, Engineering and Standards Committee to recognize the commitment to quality of NRMCA member companies. Companies applied either as a single entity or a division within a company and responded to a multiple-choice application form that generated their scores; a minimum score of 75% with supporting validation qualified a company to receive the award.

Founded in 1930, the National Ready Mixed Concrete Association is the leading industry advocate. Its mission is to provide exceptional value for members by responsibly representing and serving the entire ready mixed concrete industry through leadership, promotion, education and partnering to ensure ready mixed concrete is the building material of choice.
