

## **Theron Tobolski BIO**

### **The Illinois Ready Mixed Concrete Association**

Assistant Executive Director

2015 – Present

#### Major Accomplishments:

Converted 1.2 million c/y of concrete from asphalt since 2017

Worked with IDOT to establish a committee to create a Special Provision for the use of Cement Slurry for Full Depth Reclamation

Helped Grow IRMCA Membership in all categories

Teach the NRMCA Pervious Concrete Certification

Provided Lunch and Learn Presentations in several engineering offices

Helped Establish a 12 Part Webinar Series for over 175 civil engineering companies

### **VCNA Prairie**

1996 – 2015

Quality Control

Sales

Marketing

#### Major Accomplishments:

2015 National Ready Mixed Concrete Association - Promoter of the Year

70+ Lunch and Learn Presentations to Architects, Engineers, Municipalities, DOTs, Contractors, and Engineers on RCC Pervious Concrete, Concrete Overlays, Fibers, and Flowable Fills

I was the featured speaker at 9 Association Events:

American Concrete Institute Monthly Dinners (Twice)

National Ready Mixed Concrete Association Concrete Works

American Public Works Association National Event

American Society of Civil Engineers

Illinois Conference for Asphalt and Technology

American Society of Highway Engineers

Illinois Ready Mixed Concrete Association Short Course

Wisconsin Ready Mixed Concrete Association / Illinois Ready Mixed Concrete Association Annual Event

Grew the RCC market in IL from 2,440 c/y in 2009 to roughly 40,000 c/y in 2014 in IL

The projects I have worked on have been featured on two National Magazine Covers and also in several magazine articles:

Concrete Contractor Magazine

Public Works Magazine

American Public Works Association Reporter Magazine

Concrete Product (Cover Story)

Rock Products (Cover Story)

Worked with a team of people to create 24,000 PSI concrete for the Trump Tower Project in Chicago
