

## Mike Harrell Bio

Mr. Harrell is the Director of Consulting Services for ARA and he is a project manager for ARA's Roadway & Infrastructure Management Services Contract for the Illinois Tollway. He has 21 years of experience in pavement evaluation, pavement and roadway design, asset management, and pavement rehabilitation techniques. He has extensive experience with mechanistic pavement design and life-cycle cost analysis. Mr. Harrell has served many Public-Private Partnership (P3) pursuit teams, Design-Build teams, and Toll Authorities with pavement designs and life-cycle cost optimizations.
